# The Dataprise IT Management Methodology

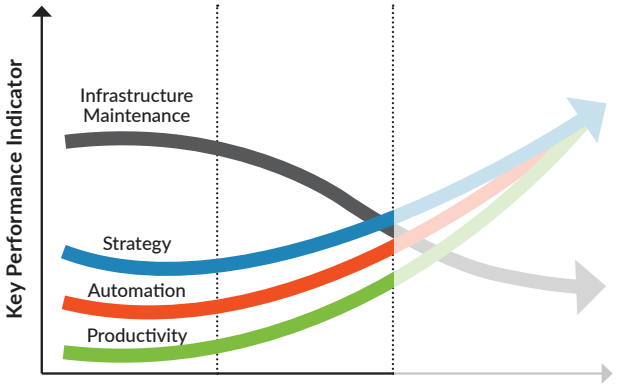

We deliver a three-phased approach focused on stabilizing your environment through increased automation and reduced maintenance, so together we can collaborate on a strategic roadmap designed to unlock your organization's success, lower your IT costs, and demonstrate the true value of a Dataprise partnership.

## Phase 1
*Initiate*

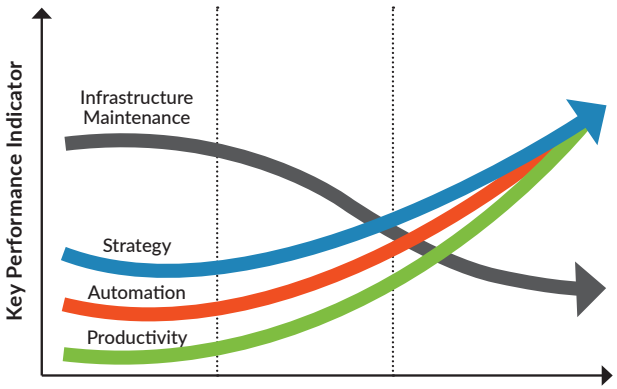

- Discover
- Document
- Stabilize
- Secure
- Recommend (short-term strategy)

## Phase 2
*Operate*

- Implement
- Automate
- Monitor
- Maintain

## Phase 3
*Optimize*

- Strategize (long-term)
- Cloud Adoption
- Business Intelligence
- Data Awareness
